In the autumn of 1999, Wayne Embry was so highly thought of by his peers that he was inducted into the Basketball Hall of Fame as a contributor to the game. In the summer of 1999, the Cleveland Cavaliers thought so little of him that they replaced him as general manager. Now in his new autobiography Embry, who was once sent home from a game in the old Richfield Coliseum when a bullet was found on his seat, tells the inside story of his fall from grace and the part he believes racism played in it. He deals with the unsavoury dealings that led to his departure from the Cavs and introduces startling information about one of the most highly regarded coaches in the league. He discusses the social and economic changes affecting the league and other problems threatening to destroy it. What Embry most wants is to provide inspiration not only to those in the sports world, but to those in the worlds of business and education, where he has demonstrated leadership time and time again. His book is part historical perspective, part inside look behind the scenes, part business strategy and part social commentary, all told in a straightforward style sprinkled with humorous anecdotes. It is a virtual guide for how to develop and maintain successful intra-personal relationships.
