A variety of mostly mapped walks to suit both the casual walker and the more serious hiker are contained in this illustrated guide. Detailed maps include information on the route - scenery, distance, terrain, places of interest - together with dog-friendly walks. Special features include: an introductory location map indicating the starting point of every walk; a summary of distance, time, gradient, level of difficulty, type of surface and access, landscape, dog friendliness, parking and public toilets; places to visit along the way; refreshment information; and a "what to look for" panel featuring more specific detail of urban and industrial heritage, flora and fauna.
