"Ubiquitin and Protein Degradation, Part B" will cover chemical biology, ubiquitin derivatives and ubiquitin-like proteins, deubiquitinating enzymes, proteomics as well as techniques to monitor protein degradation. The chapters are highly methodological and focus on application of techniques. It is the second part of the "Ubiquitin and Protein Degradation" series. Topics include: E1 Enzymes, E2 Enzymes, E3 Enzymes, Proteasomes, and Isopeptidases.
