The rock of Aegis...

Deception and lies abound on the peaceful planet of Heruun, protected from the

Wraith for generations by their mysterious guardian — the Aegis.

But with the planet falling victim to an incurable wasting sickness, and two of Colonel Sheppard’s team going missing, the secrets of the Aegis must be revealed. The shocking truth threatens to tear Herunn society apart, bringing down upon them the scourge of the Wraith. Yet even with a Hive ship poised to attack there is much more at stake than the fate of one small planet.

For the Aegis conceals a threat so catastrophic that the Atlantis team must risk everything to eliminate it from the Pegasus galaxy...

这本是关于一只流落Pegasus的小灰和wraith之间的故事，故事还挺有趣的，也挺还原原剧风格
