The Year Book of Oncology brings you abstracts of the articles that reported the year's breakthrough developments in oncology, carefully selected from more than 500 journals worldwide. Expert commentaries evaluate the clinical importance of each article and discuss its application to your practice. There's no faster or easier way to stay informed! New chapters in the 2004 edition include thoracic malignancies, neurologic, and late effects of treatment. The Year Book of Oncology is available annually in May.
