This is the first book to combine all three methods of gaining insight. Read everything from addictions to sex drive to truthfulness. Combine non-verbal communication, physiognomy and auras. This book explores 50 practical categories for work and love relationships. This book coaches you to develop professional-level skills as a reader of "Body Language + Face Reading + Auras", then shows you how to investigate what you choose to read in people you date, work with, live with and, of course, yourself.
