isbn:9781416051664

The Year Book of Obstetrics, Gynecology, and Women's Health brings you abstracts of the articles that reported the year's breakthrough developments in obstetrics, gynecology and women's health, carefully selected from more than 500 journals worldwide. Expert commentaries evaluate the clinical importance of each article and discuss its application to your practice. There's no faster or easier way to stay informed! Included in this annual edition are chapters on gynecologic urology, maternal complications in pregnancy, surgical obstetrics, anesthesia and delivery, ovarian cancer, uterine malignancies, etopic pregnancy, and operative gynecology.
