In 1943, the U.S.A.T. Dorchester was torpedoed by a German submarine en route to a top-secret radar installation in Greenland. The four Army chaplains on board were quite different from each other: a Methodist pastor, Jewish rabbi, Dutch Reformed minister, and Catholic priest. Yet in the terror following the attack by deadly U-boats, the chaplains united in a final sacrifice that transformed every survivor who saw it-and inspired one man to trade the bitterness of the past for the promise of the future.
