Forbidden By Anastasia Black Elisa's determined to have her son back at any cost. Even if it means marrying a vicious stoat of a man like Rufus Wardell. But her plans, and her life, are turned upside down by the sudden reappearance of Rufus' son, Vaughn. Lured by the contrast her sweet beauty makes with the rumors of her wanton past, Vaughn embarks on a seduction as scorching as it is daring. What he finds is not at all what he sought: Elisa is an innocent, but with a sensuality so raw, that he cannot resist her. It doesn't matter to him that their passion is forbidden.
