"Candida" is the story of its title character, a woman who is married to the Reverend Morell. Candida is a woman of many talents and her husband has his wife to thank for much of his success. When a young man by the name of Marchbanks professes his love for Candida, Morell must reexamine his relationship with his wife and ultimately discovers a side to her that he never knew existed. "Candida" is a play written during a time of great empowerment of women and Shaw brilliantly offers up Candida as an example of a strong and intelligent woman.
