Roger Ferris is one of the CIA's soldiers in the war on terrorism. His mission is to penetrate the network of a master terrorist known only as "Suleiman." Ferris's scheme binds friend and foe in a web of extraordinary subtlety and complexity, and when it

begins to unravel, Ferris finds himself flying blind into a hurricane. His only hope is the urbane head of Jordan's intelligence service---a man who might be an Arab version of John le Carre's celebrated spy, George Smiley. But can Ferris trust him?
