Kevin Leman wants you to know that men are less complicated than you give them credit for. At the core of men, you'll find a sensitive, emotional being that needs to feel loved, respected and needed. Men are very protective of their core. It's this protective behavior that keeps men from openly sharing their feelings with women. But, Kevin Leman knows that the more you understand and are sensitive to the fears, anxieties, and insecurities that make the men in your life behave the way they do, the stronger your relationships will be.
