Masterson, a self-made millionaire, draws upon his own experiences to offer a complete program for readers to reach seven figures within seven years. The author shows readers how to set target nest egg lifestyles for themselves and then goes into detail on how to increase their income and continue to save for the future-to achieve the target. Methods discussed will be how to gain equity in a business that will provide an income stream for the future; how to buy real estate and how to invest the rest of your money and more.
