It is September 1942, and without Swiss help, the Reichsbank will fail within six months. An American airman with knowledge crucial to the Allied war effort, a Russian major ordered to Bern to facilitate a Nazi-Soviet truce, and a Swiss journalist seeking evidence of her country's economic support of Nazi Germany will form an unlikely alliance that could alter the outcome of the negotiations between Germany and Russia. In this rich, complex novel, Joel Ross takes you on a breathtaking chase through World War II Europe, where everyone's motives are suspect--and nobody is neutral.
