isbn:9780230007574

Mitchell provides students with a comprehensive introduction to Kennedy's work, placing her fiction and non-fiction in a clear historical and theoretical context. Its importance is considered in terms of contemporary Scottish identity and relevance to key issues in contemporary culture and theory. Including a timeline of key dates and an interview with the author, this guide offers an accessible reading of Kennedy's short stories, novels, poetry, non-fiction and screenplays and an overview of the reception this has provoked.
