In this revised and updated edition of his best-seller, How to Get Rich and Stay Rich, Fred Young utilizes his experience as head of the trust department of one of the nation's leading banks to present the three main sources of wealth - real estate, self-owned businesses, and common stocks - along with detailed explanations and a "blue-print" for success. Along with "nuts and bolts" advice, are guidelines on how to judge what is most appropriate for different personalities, how to make decisions that fit into your lifestyle, and what kinds of changes and adjustments to expect when you graduate to continually higher income brackets.
