Anxious about your final year Psychology Project? Having trouble getting started? Your

Psychology Project clearly maps out all the requirements of a project in psychology. The definitive survival manual, it guides students through every aspect of a psychology project from conception of an idea, to writing up the final draft. It helps students think through the whole research process by bridging the relationship between the research question, the design, and the use of statistical and qualitative analyses. By using clear practical examples this book provides an invaluable insight into applying theory to practice and equips students with the knowledge, skills and ability to carry out and write up their thesis project. Written in a clear and engaging manner Your Psychology Project is essential reading for all students undertaking a psychology research project.
