"Mosby's Oncology Drug Reference - CD-ROM PDA Software, Powered by Skyscape" gives rapid access to all the same great information found in the book in a practical software for your PDA. You'll find complete drug monographs for more than 100 drugs, plus separate units on pediatric oncology, supportive care, and drug interactions. In addition, special nursing considerations highlight your specific role and responsibility with respect to administration, patient monitoring, and patient education for each drug.
