Completely updated to meet current AAMA and AMT guidelines for medical assisting practice, Lippincott Williams & Wilkins' Comprehensive Medical Assisting is the ideal core text for comprehensive medical assisting programs. It covers all the required administrative, clinical, and lab competencies in a detailed yet efficient manner that appeals to students and faculty. The book includes critical thinking questions and is written for maximum readability, with a full-color layout, hundreds of illustrations, and

boxes to highlight key points. A bound-in DVD includes pronunciation guides, skill evaluation forms, CMA review questions, clinical simulations, video clips of procedures, animations, and an office software simulator. A companion Website will include English-to-Spanish translation aids, ESL resources, Korotkoff blood pressure sounds, an interactive math review, and pharmacology animations. An Instructor's Resource CD-ROM will be available gratis upon adoption of the text.
