isbn:9780199282449

A highly accessible account of European Union law. The clear and concise commentary and explanations are complemented by summaries of key cases to illustrate the points of law, creating a complete learning experience in one volume. With a strong focus on active learning techniques, the book promotes an understanding of, and engagement with, the key issues through the use of chapter introductions, self-assessment questions, exercises, and summaries. Together with a glossary of key terms, these features help to guide and support students, making this an ideal choice for those studying introductory EU modules. Online Resource Centre Student resources: Cases and materials (password protected) hyperlinked pdf documents that accompany the book End-of-chapter assessment questions containing outline answers Web links to useful EU law sites
