"Mind Reading" is a unique reference work covering the entire spectrum of human emotions. It is available as a DVD-ROM and also as a set of CD-ROMs running on either a Windows or an Apple Macintosh computer. Using the software you can explore over 400 emotions, seeing and hearing each one performed by six different people. There are three main sections: Emotions Library, Learning Centre and Games Zone. "Mind Reading" is for everyone interested in emotions. It has been designed with awareness of the needs of children and adults who may want to improve their ability to recognize

emotions in others. It is also an invaluable resource for parents, teachers, those involved in social skills training and people working in the dramatic arts. Emotions Library: Here you can study 412 different emotions organized into 24 groups. Six video clips are provided for each emotion showing close-up performances by a wide range of people (old, young, male, female). Six audio clips express the intonation of each emotion. There are definitions and stories for each emotion, a search facility, and a scrapbook where you can create and organize your own collections. Learning Center: Learn to improve your emotion recognition skills in this section. Valuable to a wide set of users of all ages, including people on the autistic spectrum. A variety of lessons and quizzes are provided to present emotions in a systematic way and then to test recognition. The difficulty of some lessons can be adjusted to suit a wide range of ability levels. A rich set of collectible rewards is provided to help motivate users. Games Zone: If you want to have fun with emotions then play one of the games in this section. See how world famous actor Daniel Radcliffe reacts to being offered some raw squid! Visit a school, an office or a market to play with emotions in the real world. Play a fast moving card game where you have to match the faces to win or guess the emotion in the hidden face. The Games Zone encourages informal learning about emotions in a less structured setting.
