"Routledge-Cavendish Core Statutes" provide a comprehensive series of essential

statutory provisions for the core subjects and major options on the LLB or GDL. Each book in the series provides the precise wording of Acts of Parliament and is updated annually to incorporate all of the latest legislation covered in most UK law syllabi. It is unannotated, making it ideal for both course and exam use. Includes both chronological and alphabetical index, making the contents easy to navigate. Includes consolidated amendments, avoiding the need to cross-refer to amending legislation. This edition of "English Legal System" has been compiled and updated by D. G. Cracknell and is up-to-date as at July 2007. It takes account of the most significant recent legislation, including the Constitutional Reform Act 2005.
