This title offers full-color, step-by-step guidance on how to perform the most popular procedures in cosmetic surgery. Using more than 250 full-color illustrations and photos, and clear, concise text, "Cosmetic Surgery" teaches you how to perform the latest and most in-demand surgical and non-surgical procedures in aesthetic plastic surgery. Each chapter includes patient selection and preparation, technique, complications, outcomes assessment, and references, and many illustrations that have been prepared specifically for this book. It features a consistent, easy-to-navigate approach that facilitates quick learning. It includes more than 250 full-color illustrations that clarify each step of every procedure. It also features expert authorship by experienced plastic surgeons. It offers comprehensive coverage of: facial surgeries including facelift, brow lift, blepharoplasty, otoplasty, rhinoplasty, and chin implants; breast surgery, body contouring, and bariatric plastic surgery including breast augmentation, breast reduction, abdominoplasty, brachioplasty, and liposuction; non-surgical options including Botox, injectable fillers, chemical peel, dermabrasion, and laser surgery; and, other considerations such as new developments in cosmetic surgery, the business of cosmetic surgery, and the public's view of cosmetic surgery.
