isbn:9780415412339

The industrialization of prostitution and the sex trade has created a multibillion-dollar global market, involving millions of women, that makes a substantial contribution to national and global economies. The Industrial Vagina examines how prostitution and other aspects of the sex industry have moved from being small-scale, clandestine, and socially despised practices to become very profitable legitimate market sectors that are being legalised and decriminalised by governments. Sheila Jeffreys demonstrates how prostitution has been globalized through an examination of: the growth of pornography and its new global reach the boom in adult shops, strip clubs and escort agencies military prostitution and sexual violence in war marriage and the mail order bride industry the rise in sex tourism and trafficking in women. She argues that through these practices women's subordination has been outsourced and that states that legalise this industry are acting as pimps, enabling male buyers in countries in which women's equality threatens male dominance, to buy access to the bodies of women from poor countries who are paid for their sexual subservience. This major and provocative contribution is essential reading for all with an interest in feminist, gender and critical globalisation issues as well as students and scholars of international political economy.

评论

不错。很多国家性产业在GDP的比重4%-12%之间。荷兰5%。中国8%，产值7000亿美元，从业人数2000万。单北京就40万。（2006年的数据）

political economy 在哪呢

偏于学术性的著作。本书从产业的角度看问题，所以比较宏观，特别是看到了背后的经济问题。最后一章，作者谈了终结这个产业的理性的、可行的方法。
