To Invite Love, You Must Love Yourself First Syvanna Lee knows what she wants, an everlasting love, her own "Mr. Wonderful." Yet in her precarious quest to find such a man, she refuses to listen to the truth of her inner voice and ends up disappointed time and again. Each "Mr. Somebody" Syvanna becomes involved with opens a new chapter in her life. Each new relationship causes her to look at herself from a different perspective. Each new lover unveils previously unexplored facets of her own personality. She is ready for love, but will she ever realize that to give love, receive love, or even demand love, she must love herself first? And if Syvanna would only take a moment to listen to her inner voice, she might learn an important truth. As the tale unfolds, an ominous secret from Syvanna's childhood rises to the surface, a secret that may ultimately kill her. In Search of Mr. Wonderful is a tale of heartbreak, self-destruction, desperation, and, ultimately, of transformation and discovery. Ms. Bouvier has written a novel of intense beauty and introspection that will stay with you long after you've turned the final page.
