isbn:9780759110748

Are All Warriors Male? is a lively inquiry into questions of gender on the ancient Eurasian steppes. The book's contributors are archaeologists who work in eastern Europe, Central Asia, and eastern Asia, and this volume is the result of their field research in this vast. As little has been written about the evidence of gender roles in ancient-or modern-pastoralist societies, this book helps to fill an empty niche in our understanding of how sexual roles and identities have shaped and been shaped by such social and cultural circumstances. Are All Warriors Male? is a groundbreaking work that challenges current conceptions about the development of human societies in this great cauldron of humanity.

作者介绍:

Katheryn M. Linduff is University Center for International Studies Professor of art history and archaeology at the University of Pittsburgh, specializing in the study of early China and Inner Asia.

Karen S. Robinson is a research scholar in the Department of Anthropology at Barnard College.
