This series is composed of seasonal tie-in paperback storybooks with eye-catching art, incredible twinkling lights on the cover and music. One hundred percent recognition of these well-loved tunes guarantees children and adults can sing along while reading the words to the song in the book.

Twinkling lights are scattered around the pile of Easter eggs on the front cover and at the touch of a button the song "See the Easter Bunny" (to the tune of "Here we go Round the Mulberry Bush") is played. Sing along and try and spot all of the hidden eggs

in this interactive egg hunt adventure with the Easter Bunny himself.
