The official screenplay book tie-in to the hilarious slacker comedy from Universal Pictures by Judd Apatow ("The 40-Year-Old Virgin, Freaks and Geeks") about a very

unexpected pregnancy. They say that opposites attract. For slacker Ben Stone (Seth Rogen) and career girl Alison Scott (Katherine Heigl), that's certainly the case--at least for one intoxicated evening. Two months and several pregnancy tests later, Ben and Alison go through a hysterically funny, anxious, and heartwarming journey that leads to huge laughs. Featuring the complete script, plus commentary by filmmaker Judd Apatow and actress Charlyne Yi (who plays Jodi in the movie), stills from the film, full cast and crew credits, and an article by Sarah Vance that appeared in "Script" magazine, this Newmarket Shooting Script(R) book will be irresistible to the growing legion of Judd Apatow fans.
