装帧:Paperback

isbn:9781588265074

How do rule of law programs contribute to conflict management? What strategies best address the challenges to securing the rule of law in fragile countries? What place do rule of law policies have in efforts to achieve stable and equitable development?

The authors of *Civil War and the Rule of Law* address these fundamental questions, analyzing rule of law programs in the context of conflict prevention, peacekeeping, and peacebuilding activities. Throughout the book, they emphasize the critical relationship linking the rule of law, security, development, and human rights.

作者介绍:

Agnès Hurwitz is in the Office of the President of the International Criminal Tribunal for the Former Yugoslavia. In 2004-2006 she headed the Rule of Law Project at the International Peace Institute.

Reyko Huang, formerly a program officer at the International Peace Institute, is a doctoral candidate in political science at Columbia University.
