Can you understand me now? "Bueno " Talking on the phone in a second language

introduces unique challenges. What is the proper way to greet a person in Spanish? Should one be formal or informal when addressing a receptionist in Barcelona? How do you say, "I need an appointment"? "Teach Yourself Phone Spanish" offers you solutions and advice to this nerve-racking subject. This audio package features 10 conversations that cover typical telephone situations, including introducing yourself, understanding when someone will be available, and arranging a meeting.
