The Archaeological Fieldwork Opportunities Bulletin (AFOB) is an annual resource designed as an excellent starting point to plan a fieldschool or archaeological vacation. Perfect for a student or the layperson, AFOB provides an extensive list of programmes that offer opportunities to excavate in the United States and abroad. This fully indexed edition contains more than 200 fieldwork opportunities, listed under major geographic regions. Each entry provides essential information about the site, including full contact details, the duration of the excavation, age requirements, applicable fees, and general background information. As in past years, the 2007 AFOB also contains a fully updated list of state archaeologists, state historical preservation officers, and archaeological organisations all excellent resources from which to receive information about excavations not listed within this publication. (Archaeological Institute of America 2007)
