isbn:9780314172563

The fourth edition maintains the pathbreaking materials on theories of legislation, the legislative process, representational structures, campaign finance, regulation of lobbying, direct democracy, the relation of statutes and the common law, statutory interpretation, and statutory implementation. The new edition features up-to-date coverage of the Honest Leadership and Open Government Act of 2007, as well as substantially expanded coverage of judicial deference to administrative agency interpretation.
