Factionalism and internal division is a cross that virtually all dominant political parties operating in representative democracies have to bear. In this book, Dr Boucek seeks to explain how this inherent factionalism that has caused the downfall of many political leaders can also prolong office tenure by containing conflict and preventing the exit of party dissidents. By surveying the British Conservative Party, the Liberal Party of Canada, the Christian Democratic Party of Italy and the Liberal Democratic Party of Japan, Dr Boucek explores this paradox and the potential dangers factional politics can create for dominant political parties through bad governance, brand devaluation and the failure to manage internal conflict. Factional Politics is essential reading for students and scholars of political parties and party systems, parliaments and democracy as well as intra-party politics.

被吓哭了，且不论英，加，意，日这是个国家有多大的可比性，仔细看了日本这一章，除去没有日文文献和资料不说，这不就是把LDP过去50多年，重述了一遍么？

据说这博士论文还拿奖了。。。LSE也不带这么玩的吧？（好嘛，人家的关键概念最后还是算子自说自话了。）
