"Craft" is the first project-based magazine dedicated to the renaissance happening

within the world of crafts. Celebrating the DIY spirit, "Craft's" goal is to unite, inspire, inform and entertain a growing community of highly imaginative people who are transforming traditional art and crafts with unconventional, unexpected, and even renegade techniques, materials and tools. The theme for "Craft: Volume 05" is paper. Our Special Section includes articles and projects on paper sculptures, book binding, decorative paper cutting, and paper making. Examples of other non-pulp projects for this issue include: an op-art mirror, a 5-foot bolster-pillow, starting your own sourdough starter, a beaded purse made from a cigar box, and a "sneaky" jacket made with all sorts of secret pockets and compartments.
