Beyond the familiar Campbell's Soup cans, Brillo boxes, silkscreened Marilyn Monroes and floating silver mylar pillows--20 years after Pop icon Andy Warhol's death, we are still picking through his incredibly prolific output to understand what his artistic legacy actually is. "Andy Warhol: Other Voices, Other Rooms," published on the occasion of the major exhibition by the same name at Amsterdam's renowned Stedelijk Museum, provides some new insight, digging into Warhol's lesser-known film, video and audio tape works. Important--and just a little scandalous--films like "Blow Job" and "Kiss," audio tapes of celebrities, friends and anonymous hangers-on talking and other marginalia are considered alongside a selection of key photographs, drawings, screen prints and spatial installations, such as the spectacular "Silver Clouds." Edited by Eva Meyer-Hermann and with contributions by GERALYN Huxley, Greg Pierce and Warhol Museum Archivist, Matt Wrbican, who is currently unpacking hundreds of never-before-seen Warhol "Time Capsules" in Pittsburgh, this volume brings readers up to date with the most recent developments in the way we see the late artist's oeuvre.
