Paper is a remarkably versatile, easy-to-use and easy-to-find material for use in arts and crafts. In this book, Angelika Wolk-Gerche presents detailed instructions for making hundreds of things out of paper: everything from cutting out paper stars, to folding birds and animals, making windmills, masks and folding and sticking gift-bags.

You can even cut a hole in a sheet of writing paper that you can climb through! The book also includes instructions for making papier mache, hand-made paper and working with pulp.
