The "Classroom Reading Inventory" provides a quick, easy-to-use, and accurate diagnosis of the reading levels of individual students. "The Classroom Reading Inventory" is specially prepared for teachers and students with little or no experience with informal reading inventories. It provides a step-by-step process so that a teacher can administer the inventory in 15 minutes or less to accurately and quickly diagnose a student's reading grade level, listening capacity and individual skills. It is an all-in-one assessment kit for all reading levels and is suitable for administration to both children and adults.
