If you ever want to start a fight in the teacher's lounge then bring up the question of the use of music in the elementary, middle school, or high school classroom. If, on the other hand, you want to settle that perennial dispute then this is the book to do it with. Nina Jackson's ground breaking research has proven how music can be of direct benefit for learning and motivation in classrooms in all grades and this book, simply and effectively, tells you what music to use, when and why.
