If you were a spirit viewing your own human life, what would you see? Seeing yourself from the perspective of spirit is what Steve and the group, are all about. They offer humans a different view of life, intended to help all of us get a larger view picture of that is happening to our world. All of Earth is currently experiencing a huge evolutionary leap in consciousness, spirituality and even the physical body. Many of the old paradigms just don't work anymore and we are all feeling like a round peg trying to fit in the same square hole we have always known. So I'm God. . . Now What? is a collection of carefully selected questions and answers that were asked of the group during live presentations. The title was taken from a question asked in one of these sessions. The topics cover a wide variety of subjects and are categorized to allow us to see life in many areas from the perspective of spirit. They want to remind us what was important to our soul before we were born.
