Teachers who want an up-to-date, readable, and concise introduction to computers continue to turn to Computer Education for Teachers. The new edition places more emphasis on multimedia and the Internet, covering topics such as digital photography, iPods in the classroom, the Internet, and distance learning. A robust Web site also accompanies this streamlined book. It contains video tutorials on topics such as

creating a digital portfolio and making a Podcast. These tutorials are from 1 to 3 minutes in duration and are step-by-step projects. Teachers who are unfamiliar with the use of the computer in the classroom will find this to be the perfect resource.
