Mastering Statutory Interpretation explains the methods of interpreting statutes, including a discussion of the various theories and canons of interpretation. The book begins by exploring these theories and identifying the sources of meaning the theorists use to interpret statutes, including intrinsic, extrinsic, and policy-based. Throughout, the text uses the major cases in each area of study to explain how the canons work in practice. Finally, each chapter provides a concise roadmap and summary to introduce and encapsulate the most important material. This book is part of the Carolina Academic Press Mastering Series edited by Russell L. Weaver, University of Louisville School of Law.

作者介绍:

Linda Jellum is an assistant professor at Mercer University School of Law.

目录: Table of Cases

Ch. 1 Preliminary Matters	3
Ch. 2 The Art of Statutory Interpretation: Sources & Theories	11
