Visit 70 "cool cascades" in beautiful historic western Massachusetts, led by NYS-licensed hiking guide and outdoors writer Russell Dunn, author of more books on waterfalls than anyone else in the world. Follow Dunn's quest for waterfalls along the Berkshire Trail, the Mohawk Trail, the Jacob's Ladder Trail, through the Taconic Mountains, along the historic "Great Road," and through the Hoosic River Valley. Dunn includes a wealth of historical and anecdotal information, detailed directions, maps, antique postcards and contemporary photographs.
