This report shows how businesses can ensure that they don't disclose information inadvertently and how to protect their own information by drafting new contracts in the right way. Susan Singleton has advised many clients in all sectors on the FOIA from a practical standpoint. She provides: a full description of the FOI Act-in particular the right of access to information; exceptions and exclusions; protecting your confidential information; clauses for contracts; guidance from the Information Commissioner on commercial issues, confidentiality, tenders and professional privilege matters.
