著者:Don H. Hockenbury

出版者:Worth Publishers

出版时间:2008-12-19

装帧:Hardcover

isbn:9781429201438

More than any other psychology textbook, Don and Sandra Hockenbury's "Psychology" relates the science of psychology to the lives of the wide range of students taking the introductory course. Now "Psychology" returns in a remarkable new edition that shows just how well-attuned the Hockenburys are to the needs of today's students and instructors. "Psychology" began with a basic idea: combine scientific authority with a narrative that engages students and relates to their lives. From decades of experience teaching, the Hockenburys created a book filled with cutting-edge science and real-life stories that draw students of all kinds into the course.

评论

學心理學入門中,這門課的教授剛好是本書作者.感覺把這本書的作用發揮到了極限.非常好的內容,通俗易懂.
