Important insights into effective option strategies

In The Complete Guide to Option Strategies, top-performing commodity trading advisor Michael Mullaney explains how to successfully employ a variety of option strategies, from the most risky--selling naked puts and calls--to more conservative strategies using covered positions. The author covers everything from options on stocks, exchange-traded funds, stock indexes, and stock index futures to essential information on risk management, option "Greeks," and order placement. The book provides numerous tables and graphs to benefit beginning and experienced traders. Written by a CTA who has successfully employed various options strategies to generate market-beating returns, The Complete Guide to Option Strategies will be an important addition to any trader's library.

Michael D. Mullaney (Jacksonville, FL) is a high-ranking commodity trading advisor who specializes in option selling strategies.
