Construction Adjudication and Payments Handbook provides a user-friendly and practical guide to adjudication and payments under the Housing Grants, Construction and Regeneration Act 1996 and subsequent legislation. It provides a compendium of case law and materials which is invaluable to the construction industry, adjudicators, legal practitioners, and students. The book covers both the adjudication and payment provisions of the Act. It is set out in an accessible format dealing in turn with each of the major sections of the Act. It also covers how the courts approach challenges to enforcement of adjudication decisions. Alongside commentary from four expert authors, the book presents extracts from the leading cases, comprehensive tables, and insightful summaries of the relevant cases throughout. This title provides an indispensable review of the statutory framework and the judicial guidance and is an excellent resource for construction lawyers and industry professionals.
