By 1300 AD, the Sky Hand people had crushed and enslaved the Albaamaha people and built their high-walled capital, Split Sky City, to dominate towns up and down the Black Warrior River. But a violent wind is brewing that may topple the city's mighty walls. Great armies are on the march and a cunning new leader, Smoke Shield, has risen. He will lead the Sky Hand people either to stunning triumph or to bloody doom. A novel of desperate political intrigue and spiritual power, "People of the Thunder" once again demonstrates the Gears' mastery of American prehistory. Explore the ancestral heritage of the Chickasaw, Choctaw, Creek, and Yuchi peoples as the majesty and genius of the vanished Mississippian mound builders' civilization comes to life.
