This companion covers Charles Wright's first two trilogies, *Country Music* (1982) and

The World of the Ten Thousand Things (1990), providing biographical details, information on Wright's sources and influences, and historical notes. It pays special attention to the way that Wright's poems work together and the links that are formed between them. While each poem is given its own commentary, the author argues that they work together in a concentrated whole to document a man's spiritual journey.
