Laura is amazed when her baby brother George starts talking to her when he's only four weeks old, particularly as he sounds like a grown-up! It's a big secret to keep from their parents and the rest of the family and leads to all sorts of comic confusion until George's first birthday - when he makes a speech to his startled family.

Very good and interesting. George is no ordinary baby! He is only four months old but he could talk and do maths. This is the first chapter book I ‘v ever read.
