Shonen literally boys manga boasts an incredibly diverse range of adventure strips, with action-packed imagery. Now, with the help of The Complete Shonen Art Kit, creating a boys graphic novel has never been simpler. The accompanying CD includes

gutsy contemporary heroes, cute girls, supporting casts, backgrounds, page layouts, speech balloons, tones, speedlines and focus lines in fact everything a budding mangaka could ever need to create their own, professional Shonen comic! The book reveals the secrets of excellent manga storytelling, pacing, and panel and page composition, as well as professional digital colouring techniques. All the high resolution line art drawings have been created by an established, professional manga artist, and in no time you will be developing your own unique Shonen stories to share with the world whether youre new to manga or an experienced cartoonist.
